

CORE VALUES

We at Sinhgad College of Commerce design the programme to nurture the social values among students, faculties and staff members. The activities create positive impact on all stakeholders.

- **Students Centric activities**

All activities conducted at college level integrate and initiate our students for developing academic, social, professional growth.

- **Faculty and Staff Support environment**

The policies of the college create an environment, which help teaching and non-teaching staff to strengthen their abilities and effectiveness.

- **Promote leadership and Ethical Decisions**

At college level, SCOC conduct State, National and International seminars and workshops, trainings for development of leadership qualities.

- **Innovation**

Research and innovative activities of the college continuously support and encourage students and faculties, so it helps to develop skill based work force.

- **Resource Management**

College provides infrastructure for staff, faculties. It makes them to follow the code of conduct while utilizing it.

- **Alumni Treasure**

SCOC has number of alumni's, which are working on different positions / levels in various types of industries. We execute different programs so that the alumni would be engaged in creative activities of the college. This result positively on students for their professional choices, training and personal growth.
