205 responses

What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

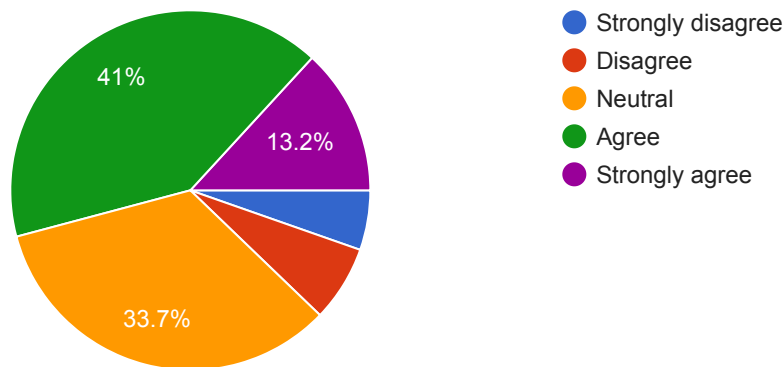

205 responses

The overall quality of teaching-learning process in your institute is very good.

205 responses

Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

77 responses

Good

...

.

.

Teachers must also communicate and support the students who only come for exams and manage clg and work at the same time.

Use technology

Explain terms

Take guest lecture

I feel teachers can use more fun ways to learn and communicate. Should Inform all things activities assignment etc on groups too to avoid confusion. Exam dates for internals should be told a month in advance.

Focus on all students equally

Give Time for projects and assignment

Give Exam dates before a week atleast

Engage in extra Curricular Activities

Every thing is good.

Suggestions is that.

1.To be more specific about the subject.

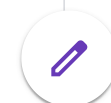

2.To make it easy to understand students.

3.Teach us to make the subject easy to understand more.

I don't think so there is need of improvement in teaching. All the teachers are good at teaching. Only i want is all the functions to be celebrated in college and competitions to be held like singing and dance.

Na

Very excellent

Good teacher

Appoint good teachers,
Make use of projectors & other electronic media for better understanding of concepts for students,
Syed sir & Mamta ma'am is best teacher

Nothing all is good

No comments

..

Taking extra classes for batter understading

Please look carefully that all the facilities are provided well , like the Lab.
Teachers were inadequate and all the work was done by some selective available teachers.

Good

- 1.institute should take functions that helps to enjoy the college life...
2. Staff should to speak politely with student...

Just expl

- 1)Students who have low confidence levels need to be encouraged.
- 2)It is necessary for the teacher who is teaching the students to see how far the students can understand.

Coordination
Cooperation
Communication

Provide internship for the experience, teaching by digital modes , gives more examples for the students.

There should be e learning concepts ..the concepts should be made easier to understand . One should not pressurise students for just assignments and projects ...but need to focus on students skills and to encourage all of us ..All students should be given equal priority , no one should compare with marks and standard ...faculty members are very poor this year..none lectures are regular ..there is just an pressure to force students on fees ..after paying a large

amount of fees , the facilities are none....please start modern learning concepts .and prepare our selves for to face this world..

More Internship assistance and field visits.
Effective Out of syllabus learning.
Conducting more extracurricular activities.

Everything should be on time.

It was motivational an very good

All good

No comment

Allot of Assignment and project which is given by college due to which we are unable to study and do other activities

They should change the sports department and bring some good sports teacher if they want to exceed in sports because there is no management of team nor the jersey nor pratice specially for football studies are very good but i think thry should focus on sports too

We are not given proper facilities to study like computer problem in our lab. there are many computers that do not work

Live translation

In this college, money is more important than education. No one takes responsibility in college, they push each other. You have to contact the university for small reasons. There is no help desk available in the college It is a joke of our college that the name is big and the symptoms are false.

Subject teachers are needed.

Nice college

I am literally going through a tough time in this Institute as this is my 4th year of graduation and i am still not graduate.. I am bright student and needed support from my fellow teacher to overcome my loss as my grandfather expired and was not able to give practical and viva exam though my parents gone to the Institute with a written application of reconducting my viva and practical and college staff nicely ignored them and humiliated them and now I am having backlogs in 3 subjects and the very next step I am upto is suicide with a written note and an email to the Institute. Thanks fr your kind behavior and i hope my life sacrifice will bring some change in this Institute.

No suggestions.everything is good

Use better graphics and visual media to engage students well

- 1.Teachers should to speak colitely with students
- 2.staff should use the projector while teaching , mentoring.
3. Principle is not gives response to students time to time

Very helpful teachers .andnice teaching

- *Should update the computers and teaching techniques
- *Should take all class further together while teaching

Amazing facility

Don't Run Behind Money Instution Walo

For Accounts subject there is laboratory task but we haven't beven even once in the lab. I think teachers should think about it and also there are no sports equipments and on the name of sports college have collected fees .

If teachers really want us to complete our assignments, they shouldn't give more than 5 questions if the submission deadline is within 2-3 days. Thank you

The instruction about Assignment, Project, should be given in respective groups.

- 1)To give internships according to strengths of students
- 2)To pay attention to each nd every child particularly

Teachers are always helping and kind. 2 Staff plays important role and the office staff is so helpful in our institute. 3 Proper facilities with great guidance. Good Learning experience Nothing, all good.

Improvement in facilities like, good maintenance of washrooms, classrooms, and computer labs, should also be considered. Would like an immediate action for the same, as a good environment enhances the learning interest of a student.

No need to suggest my institute bcoz they give always best education ani motivate students for other activities.

Give important questions

Nothing

No Extra circular activities are Held here There should be Freshers party and all That Some Events should be there No events are held In this college . We don't know that even companies are going to come in this college for placements we even don't no that the college is even going to give placements in BBA-CA degree Not a single teacher teache or told us about placements in this college they just talk about engineering placements and MCA placements No one talk about BCa

Teachers are always helping and kind.But teachers don't reply on WhatsApp when we have problems and we are out of station. There is no activity like student have to just do assignments, project and study because of that we have to carry stress many of us are depressed.

Their are no facilities good

Very good

It was good

- 1) workshop should be conducted
- 2) extra activities and courses of programming should be taken
- 3) Seminars should be setup and give more information about this field and upcoming opportunities

Workshop should coundect, seminar should coundect, internship should provide.

Reduce number of assigns
More usage of projectors
More learning enhancing chart paper on wall?

No

It was very good

Take some extra activities to build up skills,teach through the help of the projector then we can understand easily,do us visit to industrial visit pls

-

Teachers should listen to problems of the child and not just ignore them according to their will

Good experience

Great teaching
Encouraged in other activities
