Questions Responses 271

Good

Overall teaching and learning experience is very good

Teaching carefully

Project work

Nothing

.

1)Use better graphics and visual media to engage students well.

2)Try to reach every student and ask for their doubts.

3)Make teaching a two way interaction.

1.use technology

2.Give more and suitable examples

3.dont behave partially to the students.

Please use LCD , projector for better learning process.

Totally satisfied

Teacher never helps students.....

Better computers, benches

1)Understand the student for his or her personal problem or whatsoever the problem may be.

2)create a bond with students

3)stop doing partiality for each and everything

Improve placement process

The strategy of teaching is not good should improve by changing with another strategies to improve productivity of students

Give some attention to students in last year too

No suggestions are required as because all the teachers take proper care of each and every student.

No suggestions, everything is ok.

good

Questions Responses 271

Year have to find place to sit in the class or at times 3 students sit on one bench.

6. Please ask the teachers to maintain friendly environment, at times Students hesitate to talk to teaching staff thinking they maybe be rude to the student.

Thank you for asking the students to give a feedback.

Excellent

Just Be equal to each and everyone

Motivate students
Guide for their future
The e-learning Facility

The teacher teaching must be with PROTECTOR and because of that we can understand the things in very proper way

No need to give suggestion because our teacher's teach their subjects very well

Teachers are too good

1 one subject should be taught by the same teacher for the whole year.
2 syllabus missed due to nss camp should be taught again.
3 Use of practical examples and information technology should be inculcated.

1 - They can do best of best to the students and develop skills of students
2 - Teacher's should take the test at each subjects chapter wise
3 - Teacher's should take strict action who don't learn and give the teat

Be more strict towards the attendance of students in class .

There should be more use of technology while classes

Focus on students
Not to judge students
Be polite to students

1: University sports activities should be given priority
2: advance learning techniques to be promoted by institution
3: should provide with liniency in internal exams like other institutes who provide average marks upto 15 out of 20 for the students motivation

More use of ICT tools

Questions Responses 271

relationship should be properly dealt with

Practical knowledge should be provided
Should make student learn how to be entrepreneur
Make student able to appoint staff in his organization rather than teaching them how to get a job

Teachers should be polite with the students and should understand them. Teachers must council with students about their lives they should also ask what students are going through.

E Learning

Good communication, experience of teachers, understanding for students, motivational speaker

Teachers need to be supportive in every aspects.
They need to be less egoistic.
Teachers should understand the problem student is going through rather then demotivating them and putting loads of pressure.

1. To. Improve and increase the use of technology.. Like smart class and Computer labs

2.To built strong relationship between students and teachers

3.to understand the Reasons of Students if he/she Explaining anything to Teachers relating Academic course.

No suggestions

Best teachers. Teacher's always motivate us in studies as well as extracurricular activities held in aur college.

Communication with students is necessary.

Staff must try to cooperate clearly with students.

Teaching using more examples would make concepts easier to understand.

ICT tools n LCD projecterprojector should be there

Should give more examples while teaching

1. Industrial visit
2. Internship
3. Assignments/practicals should be done on computer/laptop as it improves typing speed as well as save papers.

Encourage the students
Don't share ur personal problem

Questions Responses 271

Teachers should try to more clear the topics as they don't bother whether the concepts are clear to students or not.

They should keep a good communication with all the students without doing any partiality as it always happens.

Teachers should take care that the topics which they teach should be revised atleast once as they rarely do so..

At the last teachers should keep all students at same level as the partiality level is high.

Test

Remove Patil

Beware good to student

No suggestion

Teachers should use more examples while teaching.

The teachers are really amazing in their behaviour, they are friendly too!

All is ok no need to change anything teachers are very co-operative and helping all the times

Do fair desion . don't do unfair desion with student .specially gv patil for u

1) make teaching two way interaction

2) use better visual media to engage student

E learning facility

Motivate students

Improve extra activity

Use a LCD projector while teaching

Lcd projected should use while teaching.

Quality of teaching should be increase.

Students should be encourage by teachers.

Teachers use teach us with the LCD screens .because from this student should understand more and do effective learning.

Accouting

1. Infrastructure can be improved.

2. More visual learning can be undertaken.

Questions Responses 271

..

Take a unit test

E learning

To be strick

Fully satisfied with this college

Teachers should explain in simple words not by bookish languagage

Need to include practical things

More improvements in teaching

The use of projectors multimedia is necessary

Lecture must be done as per timetable

Projectors must be use for better understanding.

More guidance should be given for the improvement.

1) please change all teacher

2) please change Liberian

3) please don't ask this stupid question

That much is enough for you my mentor 

Suggestion are not required for our institute is very well

1. Behave equilly with all the students don't behave partially.

Need to improve practical things

1. Can make more use of LCD projectors,etc.

2. Can make more activities for the students.

Improve LCD and multimedia for teaching

More activities should be there

Behave equally with the students don't behave partial.

Use technology give more suitable and new examples give more attention to average students

Questions Responses 271

Observation
Good teaching
More active

I don't have any suggestions,i am satisfied with our teachers teaching process

The way of teaching satisfied us

1. Teacher must have to use the language which is suitable for the student.
2. By using some technologies like computer & projector.
3. Teacher must have try to every concept with an examples.

1. Teacher must have to use the language which is suitable for the student.
