Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

48 responses

Nothing

Good

.

No

Good

No comment

The attendance strictness can be imrpoved as bunking is a major problem, teachers can take more time to Teach students.

syallabus completion
Take regular practical

1-Using multiple examples to understand the concept
2-making a strong understanding between students and teachers
3- to have a proper TIME management

All should improve

1. Internal examination assessment fairness must be made better
2. Student redressal system must be made better.
3. Administration must refrain from making personal comments on students internal life matters

Checking in examinations is quiet hard
Please make it easy for students to pass their exams

All are best

Motivation
Punctuality
Improve skills

Three observations or suggestions to improve overall teaching and learning experience in institution are: 1) Use better graphics and visual media to engage students well. ... 2) Try to

reach every student and ask for their doubts. ... 3) Make teaching a two way interaction.

Teaching staff is good and supportive still from college there is no support for anything neither for lab nor in classes no projector is there for virtual explanation and presentation no wifi provided after complaining about it still it's not installed. Nothing is provided by the college as compared to the teachers who helps us not on behalf of student but as a personal guider or as a non teaching staff member always guides us not as a representative of the college

Excellent

1.Upgrade Computer Facilities: Investing in better computer facilities is crucial for BCA students. Ensure that the college provides up-to-date computers with relevant software and internet connectivity. Additionally, establish a system for regular maintenance and troubleshooting to prevent technical issues from disrupting classes and assignments.

2.Establish mechanisms for collecting feedback from students about teaching quality and use this input to identify areas for improvement and provide constructive feedback to faculty members. Encouraging a culture of continuous improvement among teachers can significantly enhance the overall quality of education in the institution.

3.Infrastructure Improvement Plan: Develop a comprehensive plan to upgrade the college's infrastructure, focusing on facilities that directly impact the learning experience. This plan should prioritize areas such as computer labs, libraries, classrooms, and recreational spaces. Additionally, Establish communication channels for students to voice their concerns and suggestions, such as suggestion boxes or student councils, to ensure their feedback is heard and acted upon.

All Over Good teaching staff

It's well for me

Rude teachers

Computers should be changed

None

Syllabus completion,
Take regular practical,
Keep a good & experience teacher for the subject

All good

Improve the college rules
And arrange the cultural events and days

More attention towards to week students
More responsible for activities.

Bad behaviour when ever students try to communicate.

Teachers give To much bad response for students questions.

not good communication.

Too much headache for completing assignment and projects
Thats all,
Thank you,

Should complete the syllabus
Should take the computer lab
Should teach very nicely

Idk

Improve teaching method

Institution should take more better teaching staff on some subject,
But in some of them are excellent
They should regular take students feedback about teacher and our college
And to improve according to the right way

Good teaching

Give attention to the students which are doing jobs and education together. Don't treat badly with them. Plz cooperate with these students sweetly and help them in providing study material.

Everything is good, there is no need for suggestion.

Have to intract with each and every student
Use some digital resources for practical learning
Has to share some real world problems and experience with students

1.Frequent interactions with students and teachers are considered as the helpful technique to understand their needs and prohibit teacher-student agitation in college.
2.Investing in teacher training and professional development can have a significant impact on the quality of education that students receive.

Try to understand the questions of students

internal exam and external exam time table very wrong One paper and one holiday in one day internal exam one paper one day arrange please .teaching is very excellent but exam time table ..

Teacher are not able to communicate properly with students some teachers have attitude and don't behave properly students don't understand lects

The all teachers should use projectors for better understanding of the concept.

Everything is fine

Should approach politely

Good. Kindly reduce the feed.
